Moonglow and the
Cappadocians attacked
the
Protectorate.
Protectorate members
were unarmed and in
robes during the attack,
it was "unjust".

Adrien is very ill, is
attempting to recover in
Nujelm.

If Adrien doesn't recover
in two weeks, he will
resign and the position
will go up to vote.

It seems that many
members of the
Protectorate didn't even
bother to show, and it
sounds as though it is an
ongoing problem with some
members being far more
active than others.

Molly seems eager to go
on an adventure to find
a cure to save Adrien.
She seems to have some
sort of fascination with
him?

Molly is offering a lot of
support. Probably trying
to climb up the political
ladder.
Regarding Moonglow and
the vampires, everyone
agrees the first priority
is to address
Protectorate leadership
issues and guard their
own borders. Attack is

not a priority. If any
sort of attack or
sabotage was to happen,
now would be the time. If
they will not retaliate an
attack from two large
forces, any small-scale
effort will likely pass by
with ease.
